

KIRKENS
BYMISJON

LETTER OF RECOMMODATION

To whom it might concern:

I am a music producer and musician in Vår Frue Open church, in the heart of Trondheim. The project is run by City Mission (Kirkens Bymisjon) in Trondheim. Open Church is a social project – the church is open from 9 to 18 on weekdays, and 24 hours in weekends. The church is open for all kinds of people, but especially for people struggling with poverty, mental problems and drug abuse.

On Friday 30th of May, 2014, “Lions of Africa” performed on our event “Open microphone”. The musicians and dancers from Senegal and the Ivory Coast gave a great show, and got a warm response from our audience. Both the music and the dance was on a very high level, and their appearance on stage was very professional.

In the team at Open Church, we are very concerned about social inclusion, and about “building bridges” between people. This show made these goals become reality.

I hereby strongly recommend the Lions of Africa.

Best wishes,

Knut Størdal
