Letter of recommendation – Lions of Africa

As part of our yearly NINA-days (NINA-dagan) in 2014, Norwegian institute for Nature Research (NINA) hired *Lions of Africa* for a cultural feature on the internal event on October 21st. We planned the show together with the manager of Lions of Africa, Mr. Laye Ananas, so that it would fit in with the rest of the programme.

- The evening event started with drums, as the people arrived and found their places
- Mr. Laye Ananas danced a pre-instructed dance with NINA's general director Norunn Myklebust
- General Director's yearly speech
- Lions of Africa's show with drummers, cora player, dancers and acrobats
- The lions got everyone out on the floor to participate in African dance, and the drummers and dancers lead the audience upstairs to the dining area

Lions of Africa's show held high artistic quality and lifted our event to a high energy level, and it was a pleasure to collaborate with them.

Yours sincerely,

Norunn S. Myklebust
Managing Director
