For whom it may concern,

In 2010 Laye Ananas and his consortium of dancers and musicians joined a very special occasion with the Theatre Embassy. One of our beloved board members, Dick Lageweg, retired as general secretary of Unesco Netherlands after 10 years.

On the $9^{\rm th}$ of June the Lions of Africa performed in the Unesco in Den Hague as part of the farewell program of Dick Lageweg.

Since then we have continued working in an other formations as well by programming young and talented musicians from West and West-Africa as part of the Africa Love program.

We always worked with great pleasure and inspiration together with Laye Ananas and will highly recommend the unique show of the Lions of Africa.

Very little African artists and shows continue performing on a good level of art and music, as the Lions of Africa Theatre Program do.

Yours sincerely

Berith Danse
